A MESSAGE FROM YOUR CONSTABLE

Greetings,

I have always been a firm believer in giving back to my community and civic engagement. I believe community service or volunteerism enables one to acquire life skills and knowledge, as well as provide a service to those who need it most. It can have such a lasting, positive impact on society at large.

Volunteering increases overall life satisfaction and helps you feel good about yourself because you are helping others. It can also help to decrease stress and ease depression. It creates special bonds with the population being served and increases social awareness and responsibility. It can enhance your personal knowledge and help to develop interpersonal communication skills. It will help with becoming more accepting of diversity and inclusion.

I've pledged to double down on my Constable Outreach Program and ensure my office is doing its part in engaging with the communities we serve.
